10 <!--Comment from Rick: backup copy is in Big Tom's home folder-->
11 <!--Comment from Richard: can you give me access too? Big Tom's the only one w/password-->
12 <!--Comment from Rick: Yeah yeah, my processor can only handle one command at a time-->
13 <!--Comment from Richard: please, I'll ask nicely-->
14 <!--Comment from Rick: I will set you up with admin access "if" you tell Tom to stop storing important information in the company blog-->
15 <!--Comment from Richard: Deal, where's the blog again?-->
16 <!--Comment from Rick: Seriously? You losers are hopeless, we hid it in a folder named after the place you noticed after you and Tom Jr. had your big fight. You know, where you cracked him over the head with a board. It's here if you don't remember: https://m
17 <!--Comment from Richard: Ah! How could I forget? Thanks-->

YAY! Flag 4 out of 5!!!! And you should now be able to restore the Callhan Web server to normal
working status.

Flag data: EditButton

But ...but ...where's flag 5?

I'll make it easy on you. It's in the root of this server at /5.txt
